

*Course Announcement: Spring 2017*

# **BCMB 562: Introduction to Electron Microscopy of Biological Samples**

***What's right in this image?  
What's wrong?***

**Image magnified x31,500**

**Graduate students and advanced undergraduates are welcome!**

**Get trained on the state-of-the-art  
Zeiss Libra 200MC TEM!**

Topics to be covered include

- ☐ **Biological** sample preparation
- ☐ Microscope operation
- ☐ Image analysis
- ☐ Applications

Instructors:

A. Nebenführ and J. Dunlap

When: TR, 9:40 -10:55 a.m.

Where: WLS M401, SERF 101
